

NEISD WHEELS

FROM THE DRIVER'S SEAT...

As we have just closed another chapter with this past calendar year, once again, our overall performance as a serving and supportive Department continues to move upward to another level in providing better service and support to and for our students, activities and special community projects. We have been very busy in addition to the normal daily requirements, but again, we conducted our first semester school bus evacuation training (many thanks for our wonderful campus/special program support); provided support to the Governor's Emergency Relief Program during the recent hurricanes; and other related District requirements with dedication and professionalism . . . and from the Department's Senior Staff and myself . . . many, many thanks!

In closing, our continued progress definitely shows that we, as a Department, are not letting "Good Enough Be Good Enough". Please enjoy this edition of *Mr. A* "NEISD Wheels".

Safety Meetings (@ P. Bass)	Feb 25-26
Daylight Savings Time Starts	Mar 8
Spring Break:	Mar 9-13
Elementary School Early Dismissal:	Mar 24-26
Good Friday:	Apr 10
Battle of Flowers Parade:	Apr 24
Memorial Day Holiday:	May 25
High School Early Dismissal:	Jun 3-4
Last Day of School:	Jun 4
High School Graduations:	Jun 4-10
Makeup days (if needed:)	Jun 5 & Feb 16

M.A.P.S. — Live Your Purpose

During our In-Service at Driscoll Middle School on August 15 and at the Piper Bass Activity Center on December 3, Aldon Black, President of Achieving Greater Proficiency (AGP) Seminars of San Antonio and Orlando, Florida, provided inspirational and life prosperity informational sessions on M.A.P.S.—Motivation for the Achievement of Personal Success. Basic essence of the message is how one plans for his/her life through certain goals:

- I. Know Exactly What You Want to Achieve;
- II. Develop a Plan to Achieve Your Goals;
- III. Fuel Your Dream with the Fire of Desire;
- IV. Believe in Yourself; and
- V. Persevere, Persevere, Persevere.

Aldon, Thanks for your "Pep" and "Uplift".

Should emergency situations, such as severe weather occur, an announcement will be released from the Office of the Superintendent to local radio and television stations. If classes are canceled, makeup days may be held June 5 and February 16.

More information about our organization is available at www.neisd.net by clicking on "Transportation" under QUICK LINKS or by clicking on the School Bus Picture on the left side where it says "Bus Routes". On the right side of the Transportation home page, click on "Links" and scroll down to review this or previous issues of "NEISD Wheels".

HEADLIGHTS ON...Coach Zingg!!

Howard Zingg, bus driver, is a specialist and trains young folks in throwing the discus and the shot put.

His coaching career began in early spring of 1995 when he was introduced to a high school female student who asked for help in throwing the discus. In less than a year she increased her throwing distance from 105 feet to 144 feet, 10 inches. Through that student, he was introduced to another student and his training with the latter student in both the discus and shot put enabled her to eventually throwing the shot 48 feet, 5 inches, which still stands as a city record, while also breaking the city record (at that time) by tossing the discus 151 feet, 8 inches. He has helped another student to train starting in the eighth grade and continuing through her senior year in high school. In 2005, Christina Mueller established the current city record in the discus with a throw of 160 feet, 10 inches, which placed her 5th in the state all-time. These young ladies were able to obtain college scholarships attending Texas State University, Texas A & M and Southern Methodist University respectively.

He is currently working with several students from around the area and it's no wonder he's a super driver. Howard started his training business after beginning to throw the discus and shot put in November of 1994. Since then, and after starting his business, he's advanced personally in the sports after qualifying in the Florida State Senior Games competition and moving on to the National level where he's placed third in the discus, bringing a Bronze Medal home. Since that time, Mr. Zingg has achieved more in local and state meets winning several Gold, Silver and Bronze medals. We're proud to have you on the team Coach, and "CONGRATS".

Welcoming Committee:

We'd like to acknowledge our unofficial "Welcoming Committee": Cynthia Clark (driver), Tylisha Cross (bus assistant) and Gracie Moore (bus assistant). They certainly help make our new hires feel "welcomed"! In the picture below, they are shown welcoming Joshua Gonzalez, one of our new bus assistants. Thanks!

Remember to be courteous (one of the watchwords in our Mission Statement) and think about others when you park. If your bus is angled, take the time to straighten it out. Also remember, when the yellow loading lights are on, the bus backing out of a parking spot has the right-of-way. Be courteous and let them back out safely before pulling forward.

New Administrative Specialist Onboard

Susan "Susie" Salaiz was recently selected and reported to the Department as the new (first) Administrative Specialist. She's responsible for and will perform duties relative to the recruitment and processing of new personnel, particularly for drivers and bus assistants.

Susie comes to us from Roosevelt High School where she formerly served as a Data Processor, handling all input requirements and retrieving information for student records and other related parent and teacher data. She previously has worked as an Administrative Technician with duties verifying background checks of job applicants after processing their applications and fingerprints and ensured each person was properly licensed to perform their assigned duties.

She now is floating between the second floor in the warehouse complex and the training office in making her transition. A "Big Welcome" Susie, and wishes for the very best.

FIESTA BOWL CONNECTIONS

If you're into football, there was a great bowl game played Monday night, January 5th, with a lot of local interest!

Ken Gay (BAC Supervisor), Earl Stewart (Fleet Foreman) and Karen Hoening (Executive Director's Secretary) are Blue Blood Ohio State Buckeye fans with lots of Ohio history. However, another gentleman at BAC had an interest in this game . . . Brett Morris was rooting for his beloved Longhorns in this game. He was a member of the 1960, 1961 and 1962 Texas Longhorn Football teams under legendary coach Darrell K. Royal.

We guess Brett got the upper edge as Texas edged Ohio State 24-21 in a comeback win to extend their bowl wins to five in a row. Go Horns!

Superintendent's Award Presented

In times of crises, it is comforting to know that there are people who will reach out and help.

On Friday, May 30, 2008, Josh and Sarah were riding the shuttle bus from Roosevelt to Madison when they noticed that a fellow DATA student was having a medical difficulty. They immediately began to tend to their friend. After the bus driver stopped at the nearest gas station, Argelis Williams, bus assistant, stayed behind with the student until EMS arrived. Their timely response and care was noted by the student's father. He was very impressed with the kindness and attention shown to his daughter.

Argelis was presented with the Superintendent's Award at a Special Recognition held in October.

Franki Whitbeck Appointed to Board

The newsletter of the Army Women's Foundation, "The Flagpole", in its Winter 2008 edition recently recognized an outstanding accomplishment for Training Supervisor, Franki Whitbeck. Franki has been appointed as a board member to the Foundation.

Franki has been an active member for many years. With her continued participation and contributions, both physically and financially, plus her service to her country for over twenty years in the medical specialties and a graduate of the Sergeants Major Academy, she is now Board Member Whitbeck. CONGRATULATIONS, Franki!!!

BAC Adopts a Family For the Holidays

This is the 5th year that BAC has adopted a family for the holidays. This program was initiated and headed-up by Amanda Kuykendall, and we've adopted families from Larkspur twice, once from Ridgeview and Harmony Hills, and this year, a family of 11 children from Jackson-Keller.

Each year the BAC personnel have raised well over \$200, which is then turned into gift cards. We also receive boxes full of canned goods and dry food for the family. Nancy Braddick helps out each year by obtaining the names of the children and getting them their own gift cards.

The good people of BAC have always been very generous to our adopted families and help make a family holiday a little brighter!! We hope to continue this program for years to come.

Congratulations to our Most Recent Retirees:

Since our last edition of the "Wheels", three individuals made the decision to enjoy a well deserved retirement. We sincerely appreciate their contributions, hard work and dedication in the successful accomplishment of the department's and District's transportation mission supporting the best possible education for our students.

Guten Tag

Celebrating German Traditions and Culture was born a Male Choral group singing German and Traditional Latin Church music called the San Antonio Liederkrantz.

This group of 60 members performed its 116th Annual Christmas Concert this past year. Our own BAC driver, Leonard Gittinger, sings bass in this choral group. John, as he's better known, says he really enjoys this group and finds it serves as a way to foster in others the love of German-style song and culture.

Give John a call at BAC if this interests you!!

Fishing Anyone?

The San Antonio Bass Club held a fishing tournament at Choke Canyon this past July. A total of 183 fish were caught and released for a 462 pound total by 32 members. Stanley Edwards, Head Camera Technician at BAC, won the tournament with a total weight of 36.94 pounds. Stanley also caught the largest bass (13.34 pounds) to win the Big Bass Pot (\$135.00)! If you're a serious fisherman, Stanley is the one to talk to!!!

Special Thanks

To our drivers, assistants and staff—much thanks for your efforts. It's been a great first semester of the school year!!!

Also much thanks to the NEISD police officers who guide us out of BAC each and every morning! All of us appreciate your hard work no matter what the weather!!!

Elwin, Ron, Ron, Ken and Ed
Central and BAC Supervisors

Bosses' Day Was Special

This year's Bosses' Day was celebrated in a special way. All supervisors were advised far in advance not to plan for lunch on October 16 and their presence was demanded in the Central Terminal Lounge promptly at around 11:00 a.m.

A committee formed and led by LaJune Crockett, bus assistant, volunteered and coordinated the first Department Luncheon for the Supervisors with a scrumptious, bountiful meal. Comments and special recognitions were also given by various employees which made the festivity more special. From all the supervisors to all of you, this was a very special occasion, appreciated, and impressive with lasting thoughts and memories. Thank You—Thank You!!!

The top three pictures on the left are of the honorees. The top two pictures on the right column are of LaJune and her helpers. All those attending had a good time and more than enough to eat.

Thank You
Thank You

District Receives a State Grant to Upgrade School Buses

This initiative, with the lead of our Fleet Foreman, Earl Stewart, resulted in the recognition and receipt of a grant totaling \$208,898.72 from the Texas Commission on Environmental Quality's Clean School Bus Program.

The grant will go toward retrofitting 136 NEISD school buses with technology to improve emission air quality. Says Stewart, "We applied for this grant this past August to be proactive for improving the emissions of our older buses (year models 2000—2006) without using M&O (local) funds." Purchase of 130 new buses from the 2007 Bond Package to be completed in school year 2009-2010, along with this initiative, will result in 266 (71%) buses of the fleet providing added emission reduction to further enhance the health

and safety of our students and better contribute support to the community's ecological programs.

Texas Commissioner Larry R. Soward recently remarked, "A relatively small investment in a retrofit can reduce emissions by 70-80 percent" and "By installing these devices, we can protect the health of Texas school children."

The retrofit will include a Closed Crankcase Filtration System, which reduces particulate matter emissions by 80 percent, and Diesel Oxidation Catalysts, which further eliminates emissions by 20 to 40 percent. These model buses were chosen so they could be retained and used for at least the next five years after date of the retrofit.

The installation of the devices on the selected buses is scheduled through March, 2009.

Transportation at Health and Wellness Fair

Recently, the Transportation Department participated in the District's Health and Wellness Fair at Blossom Athletic Center. The picture below shows one of our DT466 clean burning diesel engines with an Eco fuel enhancer. The Eco fuel enhancer has been added to our bus fleet to help reduce exhaust emissions and improve the fuel economy. We would like to thank Mr. Ben Talamantez from ECO System and Mr. Richard Tuttle from Longhorn Bus Sales for supporting the event.

Safety Jackets Awarded to Drivers Who Remained Accident-Free

Congrats to all qualifiers!

Central Drivers (left) who drove accident free the past two years are (l-r): James Turner, Ezell McKinnon, Clifford Thompson, Ernest Goodman, Joe Sugino, Richard Lystad, Dorothy Miller, Vinnie DePaola and Jack Fuentes.

BAC Drivers (picture on right) who drove accident free the past two years are: kneeling (l-r): George Burdine, Gladys Bishop, Bob Rafie and Becky Ruiz; standing (l-r): Roy Garcia, Marty Werner, Karen Landefeld, Ron French, Peggy Huber, John Peterson and Yolanda Garcia.

New Employees Join Evening Shift Maintenance Crew

The evening shift crew is a vital part of keeping the fleet running, especially when buses are turned in for maintenance after the PM runs. Recently hired mechanics are Joseph Cooper and David Ogg who join Lead Mechanic John Ewers on the evening shift. Please make a point to thank them when your paths cross. Welcome guys!
